—--
I survived psychiatry. Therefore, the drug pushers are lying when they say patients will have to remain on the drugs for their whole lives.
i'm finally allowed to choose where to reside. I won hearing to acquire what most take for granted. In a historic case, I moved out of a group home. The abusers don't allow independence. I had to convince a judge to let me choose where and how to live.
Relaxation and euphoria both prevent paranoia. Surprise! Medicinal cannabis is how I survived forced psychiatry..
Ppl labeled "mentally ill" are victims of torture. Psychiatry preys upon good and innocent ppl.
Autism is devastating, hence Post Traumatic Stress Disorder. Most autism is much worse than my case, I'm denied a job since I "don't look disabled".
#Savant syndrome is nothing like how it's portrayed on TV or in movies. I'm fed up with being an easy target. Appearing in public alone is terrifying. I've never harmed anybody and I'm fed up being labeled a "retard" and a "creep" and told "we don't like your kind around here". The populace is unaware that those discriminated against are on the spectrum glo(u)rified in fiction. The couch potatoes who ask, "can I help you, freak?" also glamo(u)rize suffering by claiming to have a "superpower". They fake autism for clout and harass autists, fasely accusing abused indviduals of "self hatred". The positive aspects of savant syndrome are few and far between.
Unintentional ableism is still ableism.

____
Kedrick the Head Trip here. As of 2023, I'm feeling much better, having survived the Continuum of Care by the Department of Mental Health and Addiction Services in Connecticut.
I spoke out against forced psychiatry, and I was repeatedly retraumatized. There's no mass delusion, people who get abused don't share a delusion. Drug pushers misdiagnose easy targets to shift the blame away from themselves, projecting their own insecurities upon good and innocent people. Junkies get their fix at detoxification wards and preach sobriety.
I wrote critical reviews, and the violations escalated. Once I finally got diagnosed with Post Traumatic Stress Disorder, abusers shifted tactics from forced drugging and involuntary admissions to housing me with predators and trying to blind me
I survived despite betrayal by liars I considered my friends for more than years. I got sent to improper settings and denied help that could have easily been provided. Some of those liars pretended to be my friends since long before adulthood, then they stopped pretending. When I got housed with predators and not allowed better housing, phony "friends" disrespected me. They wouldn't have to owe me anything

to do what friends are for. They didn't believe me or care since they couldn't see any shackles on me.
One person had a disease and a son. The remainder of them never explained.
I fled a house in Wethersfield and the housing available was in New Haven, where I could've been murdered, so I fled to Bristol and requested a Probate Court Hearing.
Knowing my life expectancy is shortened, liars in a mid life crisis downplay my plight like they don't know better. They'll probably outlive me by at least 4 decades.

I wrote an essay;
1
Recovery from Forced Psychiatry
Now that I've recovered from forced psychiatry, a plethora of psychiatrists who had retaliated desisted.
I was experimented on by Dr. Richard Miller at the Wheeler Clinic in Plainville, Connecticut from 5th grade until graduation in 2005. Autism (more specifically, Asperger's syndrome) made me an easy target.
I was forcibly drugged to pull out my hair and fall asleep, then sent to detention for suffering from forced psychiatry; hence exacerbated Post Traumatic Stress Disorder.
I wasn't allowed to taper off of pharmaceuticals when I graduated, I suffered withdrawal symptoms and was tortured. I was sent from Bradley Memorial Hospital in Southington, Connecticut to New Britain General Hospital in New Britain, Connecticut. Dr. Michael Edward Balkunas misdiagnosed Autism and Post Traumatic Stress Disorder as "bipolar disorder, schizoaffective disorder, and schizophrenia" or something like that without meeting me or corresponding with me. He vowed revenge because medicinal cannabis reduces the harm caused by forced psychiatry.
Community Mental Health Affiliates exacerbated Post Traumatic Stress Disorder by forcibly drugging me and forcing me into hospitals. I was denied assistance attending college.
I was also abused at Bristol Hospital Counseling Center.
Susanne Wargo forced me to take Xanax and I had a seizure from misplacing it. The staff at Bristol Hospital claimed the cause of the seizure was "undetermined" and I was abused in the psychiatric ward. Dr. Nachiappan Manoharan (sp) threatened forced injections of Zyprexa to cause diabetes, pancreatitis, and heart attacks, thus death; that's attempted murder.
Barbara Braunstein falsely accused me of using illicit narcotics whilst knowing I was forcibly prescribed drugs to cause drowsiness and threatened to drug test me. This person "worked" at the same location where I was forcibly drugged. The threat to drug test me was probably a bluff.
Margaret Pienezak of Community Mental Health Affiliates caused an anxiety attack by threatening to commit me after I was nearly murdered, falsely accused of being

a "sex offender" because I'm an easy target. Dr. John A. Nazarian sent Margaret Pienezak and Michael Higgassin (sp?) to lie under oath knowing they'd get away with perjury. Attorney Katrina Camera was appointed as Conservator without grounds.
Alice Martinez of the Department of Public Health lied about why I reported CMHA. It had nothing to do with not prescribing cannabis, I reported violations such as misdiagnoses and forced drugging. The DPH retaliated by encouraging torture.
CMHA retaliated by sending me to Connecticut Valley Hospital in 2015. No risk factors were identified. I was discharged when housing was available about 4 months later.
I was sent to the Continuum of Care. I was then subjected to Leann Farley's cruelty. I nearly went blind from excessive lights and I got underweight because staff members bullied me for eating. Leann retaliated by not allowing use of the stove at night since I had to hide to eat.
July 2022
I fear for my life because it's in the hands of criminally negligent Attorney Katrina Camera, appointed in 2014. Dr. John A. Nazarian of Community Mentak Health Affiliates, a hate group, vowed revenge and meant it. He lied about why I reported him. It had nothing to do with what he doesn't prescribe. I knew I'd recover from pharmaceuticals if they were tapered. Nazarian doesn't allow recovery, hence the Conservator.
A Probate Judge broke the law and he has since retired.
Margaret Pienezak of CMHA caused anxiety by threatening to commit me for being assaulted over a false rumour. I was nearly murdered for being falsely accused of being a "sex offender" since I'm an easy target. I had to get out of CMHA to recover from forced drugging. CMHA's staff members lied about why I reported them. The Department of Public Health retaliated.
Since 2015, Continuum of Care has abused me.
Due to photophobia (i.e. light sensitivity,) from autism, my eyes hurt from being constantly subjected to bright lights while trapped in an improper setting.
Continuum of Care an agency claiming to ""rebuild lives", employs negligent staff without any certifications. They're in it for an easy paycheck. I pleaded with them to stop allowing a bully to destroy my belongings. They hid in the office. They tried and failed to commit me for being harassed by a bully they forced me to reside with. I'm still a hostage since I don't choose where to reside. I finally moved out of that place, still trapped in the Continuum of Care. My own $ would be withheld if I discharged myself.
Ppl with autism are under attack and expected to not defend ourselves.
The Department of Public Health
would probably retaliate if I reported said violations. Continuum of Care continues escalating its violations. As for why said scam still occurs, laws against such abuses are unenforced.

A staff member destroyed a resident's computer (not recently). Manager Leann Farley (in Wethersfield) probably destroyed my cell phone knowing I'd figure it was Mike Inigo, Jr. as usual.

2

Rebuttal to Sarah Carlson-Allwood

I recovered from pharmaceuticals years ago. They were finally tapered.

Sarah Carlson-Allwood misdiagnosed autism and PTSD as "schizoaffective, bipolar disorder". Trauma happened.

Medicinal cannabis saves lives. I have the license now. It's how I recover.

Falsifying medical records is illegal, the authorities just don't care. Sarah Carlson-Allwood vowed revenge because I'm unwilling to suffer from psychiatry, hence the "recommendation": being locked up and tortured at Connecticut Valley Hospital.

The safest and most effective medical necessity still prevents paranoia because it's still relaxing. Get over it.

Medicinal cannabis is the only way to concentrate, relax, and be motivated after being forcibly drugged since childhood.

3

Refuting Media's Lies About Autism

Nobody who downplays autism knows what a spectrum is. The media neglects to mention the severe cases of autism. I know it's usually much worse than what I have. Autism can mean being nonverbal and prone to seizures and wearing helmets and even diapers. Nobody downplaying autism knows about the varying degrees thereof. All degrees of autism are devastating and it didn't simply go unnoticed until recently. The prevalence of autism is rising. It's not increased awareness, it's an epidemic.

While TV shows and movies downplay autism, the news indoctrinates the populace to despise autistic people.

Having a medical condition has nothing to do with being in a community and autism existed before Reddit.

August 2022

An application was sent for better housing in Bristol. Continuum of Care's violations continue escalating. Two staff members, Tanice and Gary, disrespected me by befriending a mailman who threatened to assault me. I finally learned his full name, Milton Jackson.

After I explained my difficulty controlling the volume of my voice, the mailman threatened to control it for me. He asked Tanya, who recently began working here, if she controls ms, she explained that she doesn't.

Towards the end of August, Gary and Tanice retaliated by befriending Milton Jackson just to spite me.

Also, Jess denies the need to add more food to the pantry.

At the end of August, food was finally added to the pantry.

September 2022

New staff said to give them a chance. The air conditioner remains on in late September.

October 2022
The heat's finally on.
November 2022
I gave my 30 days notice and moved to Bristol. The conservator had no idea I knew her cell phone number. I sent a text because she never returns my calls.
December 2022
For the time being, my mother replaced Attorney Camera as Conservator.

Chapter Two
https://waterandhealth.org/newsletter/chlorination.html
April 2023
The reign of terror worsens. I'm prevented from visiting _____ at Bristol Hospital. The drug pushers won't let her recover. I was prevented from visiting her. She called Friday, April 28th 2023. She gets out Monday. She'll be discharged to the same group home she'd just fled, unfortunately. I'll help as much as I can.
The drug pushers were told that everyone who gets locked up gets traumatized, there's no recovery while still locked up, there's no recovery while still prescribed drugs to cause harm, and shame on them for not allowing the visit; they're sadists.
The drug companies wouldn't inevitably collapse just because one person recovers. Good and innocent people still suffer and die from forced psychiatry because psychiatry still exists.
An advocate called me on Tuesday, May 2nd 2023 and will call lawyers.
Monday, June 5th, 2023
Continuum of Care's "Clients Rights and Grievance Officer" Dave Olstrom denied my light sensitivity and he denied that crooks were hiding in the office knowing I got preyed upon.
Tuesday June 13th, 2023
I got a letter from De Marco Management, falsely accusing me of unpaid of rent and damage, denying me the entire security deposit; the former Conservator documenting paying rent.
_____ can't be found online and her phone's out of service. I hope she's well.
June 19th 2023
Waxing crescent moon
I weighed 134 pounds today. I smoked weed and meditated.

Thursday, June 29th. 2023
Important : my friend _____ disappeared again, more recent than the incident in April. She'd been sending $ to some dudes who ran her ragged, then she stopped sending them $ and now she's missing. The current disappearance still hasn't been reported yet. I'm concerned.
I reported this.
Later today, I'm told she's at the group home and not allowed to use her cell phone.

Sunday, July 9th, 2023
_____ still denied ability to contact anyone. She tried to escape Gilead Community Services in Middletown. Bill Peirce said he'll see what he can do. They're not allowed to deny a person the right to use a phone.
Monday, July 17th, 2023
New moon in Cancer.
I called out abusers :
The junky staff members at @bristol_health sent a friend of mine back to where she fled abuse, @gileadcommunityservices
A liar denied that abuse occurs at Gilead Community Services , as if everyone who wrote critical reviews inexplicably shares a delusion. Yeah, right! The abusers won't let an alleged "client" contact anyone, they bribed the police to get away with said violation, and it's because the aforementioned person tried to move out of a group home described as "like a concentration camp".
The critical reviews add to the evidence.
(Praise the deities for Google reviews!)
A liar tried to cover his ass by questioning my intentions while a friend of mine is forcibly drugged and deprived of the ability to contact anyone.

When my friend _____ fled that group home, the cops came here and I made sure they didn't assault her. She ran back in, they grabbed her; and I intervened. I said, "I won't let you assault a woman "
They haven't let her use her phone since June 12.
Thursday, July 20th 2023
I called Gilead Community Services about Justin falsely accusing me of "harassment" now, and I was told his supervisor will contact me.
I heard some dubious claims today.
My mother called that liar. I asked for an update. Barely anything was disclosed. Supposedly, ____'s safe and choosing to take a break from contacting anyone. I'm told to "be patient", "she'll reach out when she's ready".
In fact, I had been told she's denied ability to contact anyone. Now I'm told this isn't forced.
This contradicts all prior information.
I'm still concerned they're abusing her. A group home isn't devoid of abuse.
Friday, July 21st, 2023
I weighed 123.6 pounds. I went to Trulieve for pre rolls.

If not for medicinal cannabis, I would've definitely died from forced psychiatry. I won a Probate Court hearing and I'm not trapped in group homes anymore. Ganja saved my life since long before I was an adult. Therefore, ganja should be available to minors. There has to be THC. I'm against discrimination, including ephebo-phobia.
Relaxation and euphpria both prevent paranoia. Nobody gets paranoid from a relaxing medicinal herb. The herb is the only way to concentrate, relax and get motivated. "

As for the manner of abuse at Gilead Community Services", I don't ask questions that answer themselves, like "what are women subjected to at group homes?"
Friday, August 11th, 2023
The liars at Gilead Community services can't fool me. _____ wouldn't have fled if she hadn't been abused, and the abusers won't let her contact me. I'm told to be "patient".
I'm sickened by what those crooks get away with. Justin Salvio is a predator.
Group homes are a racket i.e , a criminal enterprise.
A woman who's historically fled from group homes including this one isn't "safe" there. The "employees" even threw out her baby pictures for running away from.a group home (not this one)
As for why she stopped communicating with those dudes she had been sending money to, I didn't pry. I didn't ask if she had even owed them any money or not.
Saturday, August 12th, 2023
Better doctors now and they're finally addressing diseases I already had for more than years and I got ignored until recently.
Diseases worsened and I wasn't reminded that insurance covers transportation to doctor's appointments II was told I'm not allowed to address diseases.

Good riddance to slums. I could've been murdered by hate mongers who think there's such a ppl as "white" ppl.

Wednesday, August 23rd, 2023

Ordered a quarter oz of Hybridol.
Even after I was finally allowed to recover from psychiatry, my health failed. Forced drugging takes its tolls. In the long run.
Mike Inigo Jr. was praised in the "Hall of Fame" on the official website of the Continuum of Care scam by the Department of Mental Health and Addiction "Services" and his history of sexual harassment and stalking was mentioned. So much for "privacy laws"!
Thursday, August 24th, 2023

Feeling a bit better this evening. Still raining out. I ate two veggie burgers, then packed a bowl and avoided lights.
